Location:Chinchwad,Pune

Email: gaurivanve1999@gmail.com | Mobile: 9028849535

CAREER OBJECTIVE

- Accomplished Software Engineer Intern with demonstrating profound expertise in Python and a robust ability to integrate diverse data sources for insightful analytics.
- Recognized for rapid learning ability and excellent communication, coupled with sharp analytical and interpersonal skills. Proven self-starter, creatively navigating challenges to meet and exceed both corporate and personal objectives.

INTERNSHIP

Bitmap Technology

January 2022 – October 2022

- Led or contributed significantly to the implementation of various web application features and backend solutions.
- Created and maintained SQL schema documents, and implemented robust database connectivity solutions. for Database Connectivity.

KEY SKILLS CORECOMPETENCIES

Languages	: C,C++,SQL,Java,Python,HTML,Java script
Libraries	: Tensorflow, Keras,Tkinter,OpenCV,Mediapipe,Matplotlib,Pandas,NLP
Framework	: Django
Databases	: DBsqlite,Oracle,MYSQL
Dev Tools	: Visual Studio Code,Spyder,Eclipse, Sublime text editor

EDUCATION

Vidya Pratishthan's Kamalnayan Bajaj Institute of engineering and technology, Baramati <i>Bachelor of Engineering in Information Technology</i>	CGPA- 8.94 June 2019 – july 2022
Dattakala Polytechnic <i>Diploma In Computer Engineering</i>	Percentage- 86.25 June 2015 – may 2019
Vidya Pratishthan Marathi Medium School, Baramati SSC	Percentage-74.60 June 2014 – may 2015

PROJECTS

Project 1	<i>Crop Prediction and plant leaf disease detection Using Machine Learning</i>	Source Code
Agriculture plays a pivotal role in ensuring food security and economic stability worldwide. However, various challenges such as climate change, changing weather patterns, and the prevalence of plant diseases pose significant threats to crop yields and agricultural sustainability. To address these challenges, We developed an integrated Crop Prediction and Plant Leaf Disease Detection System that can help farmers make informed decisions and optimize crop management practices. Technology used Convolutional Neural Network,Django,Python,DbSqlite,Tensorflow,Keras		
Project 2	<i>Image and Text Deduplication</i>	Source Code
- we developed an Image and text Encryption image and text encryption revolves around safeguarding the confidentiality, integrity, and authenticity of both types of data in various applications and ensuring that they can be securely transmitted, stored, and accessed as needed. Tkinter,Python,SQL - we use the AES(Advanced Encryption Standard Algorithm for providing security to image and text files. we use the 128-bit key length to encrypt and decrypt a block of messages.		
Project 3	<i>Prediction and detection of human epileptic seizures</i>	Source Code

- Epilepsy is a neurological disorder characterized by recurrent, unpredictable seizures, which can significantly impact a person's quality of life. Predicting epileptic seizures is challenging but can be invaluable for patients and caregivers as it allows for better management and timely intervention. we developed epilepsy Disease detection system in that we classify data into 3 category **Transition, Normal And Seizures** In that project we used Random Forest, Support Vector Machine and Decision Tree algorithm for better accuracy we Develop a reliable and accurate epilepsy prediction system that can forecast the occurrence of seizures in individuals with epilepsy

CERTIFICATIONS

- [Certified Machine Learning Linear Regression Course By NASSCOM](#)
- [Cisco Certified: Information to Cyber Security](#)
- [Bootcamp on Deep Learning and Deployment on web](#)
- [Python 101 for Data Science](#)
- [Data Visualization With R](#)

ACHIEVEMENTS

- Secured Second position in Diploma MSBTE Board exams at College.
- Won prizes in Race and dancing competitions.

PERSONAL DETAILS

Full Name : Gauri Dhananjay Vanve
Date of Birth : 04/10/1999
Gender : Female
Marital Status : Single
Nationality : Indian
Language Known: English,Marathi,Hindi
Address : Vanjarwadi,Baramati,Pune

DECLARATION

I hereby declare that all the information given above is true and correct to the best of my knowledge.

place:
